Wilmon Timberlands' Schutt Selected for Investment Summit Panel

Timberland investment expert Jacob F. Schutt, Chairman of the Board for Wilmon Timberlands, has been selected to participate in a panel discussion for the Timber Land Investing Summit in New York City, taking place Nov 13th - 15th.

The subject of the roundtable discussion in which Schutt will participate is *Timber from the Investor's Point of View*. Topics include: benefits and disadvantages of investing in timberland, portfolio diversification, return rates, and timber versus other alternative assets. Representatives of the Doris Duke Foundation and TIAA-CREF will also participate in the discussion.

The Timber Land Investing Summit is sponsored semiannually by the International Quality and Productivity Center. Other speakers at the conference include representatives from, U. of Georgia Forestry School, Timberlink, Forest Research Group, Forest Investment Associates, Conservation Forestry LLC and many others.

Wilmon Timberlands, LLC has one of the longest forest management histories in the Southern United States. Located in Vredenburgh, Alabama, Wilmon Timberlands has been managing timber for a variety of clients in Central and Southern Alabama since 1962.
